Seadragonz Swim School – 'Swimming is grinning'

Swimming is grinning – where the child is free to learn at their own pace.

We can learn together that water is a fun place to develop swimming skills.

Inviting atmosphere, Seadragonz staff want you to feel a part of the Seadragonz swimming family

Mum, Dad, Grandparents, Aunts, Uncles and water helpers – The child will give you guidance each week to help expand their water experience.

Motivating design of individual lessons suit the students so they can expand and learn new skills though the use of toys and fun.

Innovative business that understands its impact on the environment and wants to make a difference.

Nurturing students love for the water with love and patience.

Growing up children learn that swimming is a life skill they need and that it's fun to learn at Seadragonz.

Industry leading teachers will help students/parents stay in tune with their child's progress. They are continually evaluating to ensure development and progression.

Success – Students are learning to swim though fun the value of water safety, and gaining independence!

Going under water – exploring, curious, in the quiet freedom.

Respect and responding to the student, will flourish in the focused attention and your bond is strengthened during swimming.

Individually we all learn at our own pace to blow bubbles, kick, float, return to the edge, and all the different strokes.

Next week... we can't wait till next week to have more fun.

No matter what happens, they'll try it today or maybe next week. Patience is the key to success – as frustrating for a parent as it can be.

Imaginative teachers keep the lessons engaging.

Not only will I learn a skill that can be life saving, but a respect for water and the layers of protection '*be aware- be secure – be 'confident - be prepared.'*

Grinning! We love swimming – let's go make happy memories together so that everyone becomes SAFER in and around water.
